Introduction

This report is a visual summary of the perceptions of the 325 VSU graduate students who completed their degrees during the 2005-2006 academic year and returned the Valdosta State University Graduate Exit Questionnaire. It is anticipated that these results will be used by colleges and departments as one indicator of the effectiveness of the University's programs and services.

Graduate Assistants Tameka Woods, Rhien Cooper, and Amber Mize coded and entered all of the data. The data were analyzed by Associate Director, Linda Gooden, and the document was created by Institutional Research Analyst II, Angela Elder Henderson.

We invite you to explore the results shown on the following pages and welcome any comments and suggestions for future analyses.
