

COEHS Multicultural Hub Purpose

1. **Promote Diversity and Inclusion:** Allows COEHS students from different cultural backgrounds to come together, celebrate their diversity, and learn about each other's cultures. The Multicultural Hub is an inclusive and welcoming environment, especially for underrepresented student groups, where everyone feels valued and respected.
2. **Cultural Education and Awareness:** A space to host events, workshops, and programs that educate students about various cultures, traditions, and perspectives. This can lead to increased cultural awareness and sensitivity, reducing stereotypes and biases.
3. **Support and Resources:** Offer resources and support services for underrepresented or marginalized student groups. This can include academic assistance, mentorship, and guidance on navigating the challenges.
4. **Community Building:** A space for students with shared cultural backgrounds to come together and build a sense of community. They can foster a sense of belonging and connection, which is especially important for students who may feel isolated due to their cultural differences.
5. **Promote Cross-Cultural Interaction:** Encourage interactions between students of different backgrounds, which can lead to cross-cultural friendships and collaborations. Exposure to diverse perspectives can enrich students' lives and better prepare them for an increasingly globalized world.

Community Expectations

- Be kind.
- Have an open mind.
- Use respectful and inclusive language.
- Demonstrate cultural sensitivity.
- Maintain a clean and orderly space.
